Thursday, June 2nd, 1927.

No. 22

## THE HUB

Just Arrived.

SHIPMENT of MALKINS' JAMS—Strawberry, Raspberry, Cherry, Black Currant Jam, Black Currant Jelly, Loganberry Jam, Bramble Jelly.

All come in 4lb. tins. Malkins' Jams are in a class by themselves, being made from the whole BEST berries, and put down in good cane sugar. Try a can. You will like this fruit.

EVAPORATED FRUITS. — If you prefer Evap. Fruits we have many kinds. Prunes, Peaches, Apricots, Loganberries, Raisins and Apples. These are all done up in clean sanitary packages.

Have you any Potatoes for sell. Phone us

We want your eggs, Pool or non-Pool—Cash or Trade.

*J. R. Miller*

## Government Assists on Roads.

Didsbury and other towns along the Calgary-Edmonton highway will receive with much satisfaction the announcement made by the provincial government this week.

The provincial government has decided on a fifty-fifty proposition that contemplates connecting up all the new uncompleted gaps in the main highway system lying inside urban limits.

A total mileage of about 150 miles will be involved if all the towns and villages accept the government's offer, and the aggregate cost will probably run to \$600,000 or more. The government will provide engineering supervision.

The Edmonton-Calgary road and south to Lethbridge, the Crow's Nest and the east and west roads, including the main highway from Edmonton to Lloydminster and west by the Jasper route, will come under the new improvement scheme and the government is inviting the towns and villages on these highways to say whether or not they wish to take advantage of its offer.

It is a case of long-felt want, for the unfinished gaps are many and conspicuous.

As things are now, travelers by motor are finding well-graded and gravelled roads between towns, but they come to the town limits with a bump and in many cases the worst pieces of going they encounter are within urban bounds, where something better is naturally expected.

Some of the towns themselves have complained of the situation and a few have taken action in the way of doing their own improvement work.

## Golf Notes.

A one club competition will be played on Thursday. The draw will be posted in the usual places and members are requested to arrange the time of game with their opponents so that the competition will be finished same afternoon if possible. A metal golf score will be awarded to the winner.

A meeting of the executive committee was held during the week and arrangements made for further improvements on the course. Several more cement tees will be built at once. These tees are so constructed that they can be moved to another location if at any time it is found necessary. A supply of suitable sand has been obtained for the greens and arrangements made for the placing and oiling of same.

Will the members please pay their fees at once as wages are owing and must be paid.

## Butter-Judging.

For the first time in history a butter judging competition has been staged in Alberta. This event which took place at the University of Alberta in connection with the Alberta Women's Institute convention had 60 competitors and in handing in the awards, Dr. C. P. Marker, dairy commissioner, stated that in all his experience of handling contests he had never had one in which such excellent judging was displayed.

In this competition Mrs. Henry Farrant and Mrs. Leeson of Didsbury were both successful in securing second prizes; each being three points of the official scoring.

A. H. Clissham of the Excelsior Life Insurance Co. has taken up his residence and will remain in Didsbury as the General Agent of the Company, covering the territory between Olds and Calgary.

After long tests we are convinced **Aluminum** is the best container for tea.

# RED ROSE TEA

"is good tea"

Now packed only in **Aluminum**.

## The Other Fellow's Viewpoint

In this year of Canada's Diamond Jubilee, when the thoughts of its people are being turned backward sixty years and they contemplate the truly marvellous change that has taken place, one great lesson, and the outstanding achievement of Confederation, stands out pre-eminently. A review of the years clearly demonstrates that Canada's material growth and development have been made possible because, to an ever increasing extent as the years have passed, the people of the Dominion have cultivated a spirit of good-will toward each other.

Confederation had many obstacles to remove, many difficulties to overcome, physical, geographical, financial, but the one problem that had to be solved, and failing which all others could not be surmounted, was to achieve a union of the two races, French and English speaking, to create a feeling of respect and toleration for each other on the part of Roman Catholic and Protestant. To a large extent this has been accomplished, and to it Canada today owes its strength and prosperity.

The citizenship of Canada can render no more fitting or valuable service to their country, can make no greater Jubilee contribution to its welfare and progress, than to further develop this spirit of tolerance and good-will. Only by so doing can peace be maintained and strife eliminated from our midst; only so can effective co-operation be maintained; in the maintenance and development of such relations alone can be found the essentials of a true national spirit.

Studying conditions in other countries, one is happy to note in Canada today an absence of those suspicions, bitter feelings and lack of appreciation of the opinions of others, which appear rather general in other lands. This is not to say there is an entire absence of such animosities in Canada. They do prevail to some extent, but the better, nobler, loftier aims of mankind are uppermost.

For example, if the Russian people desire a communist form of government, that is their own business and Canada and Britain have no desire to interfere. But Russia should display the same attitude towards other countries, and not try to subvert the citizens of friendly countries from loyalty to their respective governments. The disclosures that Russia is using the diplomatic immunity accorded her representatives by other countries in an endeavor to overthrow their forms of government is revolting to every sense of decency and fairplay.

While deploring some of the methods adopted to promote national feeling in China, one cannot but sympathize with the aspirations of the Chinese people. Foreign rights must be respected in China as in other countries, but there should be no interference in China's right to itself determine its national life and forms of government. One can perhaps better appreciate and sympathize with the Chinese viewpoint if we could visualize Buddhist priests establishing missions throughout Western Canada and opening Sunday schools to teach our children the tenets of the Buddhist religion. Would the Christian churches of Canada acquiesce in this?

Or imagine, whole sections of Vancouver, Victoria, and other cities set aside as Chinese or Japanese concessions wherein their laws governed and their trade was supreme. Would Canadians accept such a state of affairs? Rather, do we not even object to individual Chinese and Japanese competing on even terms with our own people?

Reference is made to these rather strong cases, not to pass judgment in regard to them, but to point the moral of this article, viz., that what is needed in the world today is more sympathy and less bitterness; more tolerance and less prejudice; more respect for and less suspicion of each other; more co-operation and less striving at cross purposes.

And what the whole world needs is what Canada ought, in this Jubilee year, dedicate itself to achieve to the fullest degree for our own people and Dominion. Respect for each other's opinions and convictions, recognition of the other fellow's good qualities, a willingness to meet others half way in the solution of community and national problems, a realization that we all are Canadians with a common interest in the Dominion and its welfare and a common duty and responsibility to it to discharge.

## Spends Ninety-Eight Birthday in Prison

"Lifer" Who Refused Pardon Has Served Twenty-Seven Years

"Old Charlie" Lindwall, the oldest prisoner in Joliet Penitentiary and possibly the oldest in the country observed his ninety-eighth birthday just as he had observed every milestone since 1900 and he probably will observe every anniversary until he receives the pardon of death.

Lindwall, sentenced to the penitentiary for life in 1900 for murder, which he always denied committing, refused pardon a few

years ago, maintaining he was too old to face the world. At the time he was sentenced the Court told him that his age alone had saved him from the gallows. Since then the Judge and most of the jurors have died, but "Old Charlie," half blind, feeble and bowed with his years, has clung tenaciously to life.

He patters around the prison yard with no guard molesting him and no prisoner intruding upon his dreaming. At chapel services and for the weekly movie "Old Charlie" has a favored seat in the front row.

Mistress (to departing maid who has asked for a reference)—"Of course, Mary, I shall have to tell Mrs. Brown of your uncontrollable temper."

Mary—"Thank you very much, Mum. It'll praps make 'er mind 'er P's and Q's."

Scrubwoman (relating her adventures to a neighbor)—She says to me, "You ain't no lady." So then I says to her, "Two negatives make an affirmative," and busts her one in the snout, and they carts her off in an ambulance.

Ease sunburn with Minard's Liniment.

## FARMERS!

Minard's is good for colic, strains and collar bolts. Keep a bottle handy.

W. N. U. 1683

## Plows With Manless Tractor

Spectators Marvel at Machine Used in Test Near Lincoln, Nebraska

A "manless" tractor, controlled by an electric device, plowed a field in Nebraska successfully before a crowd of farmers, professors of agriculture and business men.

Unguided by a human hand, except when the first furrow was plowed to make a guide row, the machine, equipped with an automatic guide invented by F. L. Zibach, of Grand Island, Neb., plowed a 20-acre field on the College of Agriculture farm of the University of Nebraska, near Lincoln.

The tractor runs in an irregular circle, rounding the corners. Except for replenishing the gasoline and oil, it needs no attention. The electric control stops the machine should it leave the furrow, and when the work is completed.

The invention first was tried in 1921, Zibach said. Tiring of riding a plow, he attached his device to his tractor, filled the machine with gasoline and turned it loose.

## Swollen Joints, Quickly Limbered Up Rub On Nerviline

You would be surprised at the wonderful action of "Nerviline" in just such cases. Being thin and not an oil preparation, it is able to penetrate quickly, and down it slides into the tissues, carrying its healing, soothing action wherever it goes. For stopping muscular or nerve pain, for easing a stiff joint, Nerviline is a complete success. Pain, soreness, stiffness all vanish before the magic power of this wonderful liniment. Nearly fifty years of success proves the merit of Nerviline, which is sold everywhere in large 55 cent bottles.

## Ancient Canoe Unearthed

An oak canoe, nine feet long, and estimated to be from four to ten thousand years old, has been unearthed on the south bank of the River Tyne, near Ryton. It is in an excellent state of preservation, and has been placed in the Hancock Museum, Newcastle-on-Tyne.

It Will Relieve a Cold.—Colds are the commonest ailments of mankind and if neglected may lead to serious conditions. Dr. Thomas' Electric Oil will relieve the bronchial passages of inflammation speedily and thoroughly and will strengthen them against subsequent attack. And as it eases the inflammation it will usually stop the cough because it allays the irritation in the throat. Try it and prove it.

## Paper Milk Bottles

As a substitute for glass bottles, a London dairy is using containers made of a stout, transparent paper. When they are filled, they are brought together in the form of a cone and sealed with a metal clip. The breakage and loss of glass are saved by this plan, and the paper bottles are easily manufactured and sterilized.

Miller's Worm Powders are the medicine for children who are found suffering from the ravages of worms. They immediately alter the stomachic conditions under which the worms subsist and drive them from the system, and, at the same time, they are tonic in their effect upon the digestive organs, restoring them to healthful operation and ensuring immunity from further disorders from such a cause.

Scientists are endeavoring to determine when civilization began. They might also put in a little time determining when it is going to begin again.

## Children Cry For "Castoria"

Especially Prepared for Infants and Children of All Ages

Mother! Fletcher's Castoria has been in use for over 30 years to relieve babies and children of Constipation, Flatulency, Wind Colic and Diarrhea; allaying Feverishness arising therefrom, and, by regulating the Stomach and Bowels, aids the assimilation of Food; giving natural sleep without opiates.

The genuine bears signature of

Chas. H. Fletcher.

Genuine **ASPIRIN**

Proved safe by millions and prescribed by physicians for

Colds Headache Neuritis Lumbago  
Pain Neuralgia Toothache Rheumatism

**DOES NOT AFFECT THE HEART**

Safe

Accept only "Bayer" package which contains proven directions. Handy "Bayer" boxes of 12 tablets. Also bottles of 24 and 100—Druggists.

Aspirin is the trade mark (registered in Canada) of Bayer Manufacture of Monoacetic-acidester of Salicylicacid (Acetyl Salicylic Acid, "A. S. A."). While it is well known that Aspirin means Bayer manufacture, to assist the public against imitations, the Tablets of Bayer Company will be stamped with their general trade mark, the "Bayer Cross."

## Aeroplane Service to Mine Field

A regular airplane service between Lac du Bonnet and Long and Rice Lakes is being undertaken this spring by the Western Canada Airways. The trip will be negotiated in 45 minutes, as against three days by canoe. The inauguration of a daily mail service to these mining fields is under consideration by the Government.

## Winnipeg Newspaper Union

## A Smart Schooltime Frock

Practical yet decidedly smart is this attractive one-piece frock having the two-piece effect. The box-plated skirt is joined to the bodice and the sleeves may be long and gathered to narrow wristbands, or short. A becoming round collar finishes the neck and a trim belt fastens with a buckle in front. No. 1604 is in sizes 6, 8, 10 and 12 years. View A, size 8, requires 1 yard 39-inch plain material, and 1 1/2 yards figured. View B, size 8, requires 2 1/4 yards 39-inch, or 2 yards 54-inch plain material, and 1 1/4 yard 39-inch contrasting. Price 20 cents the pattern.

Home sewing brings nice clothes within the reach of all, and to follow the mode is delightful when it can be done so easily and economically by following the styles pictured in our new Fashion Book. A chart accompanying each pattern shows the material as it appears when cut out. Every detail is explained so that the inexperienced sewer can make without difficulty an attractive dress. Price of the book 10 cents the copy.

## New Hotel For Moose Jaw

Community Hotel to Serve Well-to-do Tourist Traffic

The Community Hotel in Moose Jaw, now in process of organization, will be five stories in height with a frontage of 75 feet on Main Street and 125 feet on Cordova Street. It will cost around \$350,000. The building has been leased for 20 years by the Associated Canadian Hotels, Limited, Vancouver, who will cater particularly to the increasing well-to-do tourist traffic, making Moose Jaw a stage in its passage to the Rocky Mountains and the Pacific Coast.

## WEAK, LISTLESS GIRLS

Need Such a Tonic as Dr. Williams' Pink Pills to Restore Health

When a girl in her teens becomes pale and sallow, especially if at the same time she shows inclination to tire easily, a listlessness and inattention to her work or studies, she needs Dr. Williams' Pink Pills, a tonic which directly and specifically corrects the condition from which she is suffering. A chemical analysis of the blood of such a girl would show it to be deficient in just the elements Dr. Williams' Pink Pills can supply. But an analysis of the blood is not needed—the physical signs are plain. Among these signs are a pallor of the cheeks and lips, dark circles under eyes, easily tired and breathless after slight exertion. Poor appetite, headache, and sometimes fainting spells follow; often the patient is nervous and is startled at the least noise. In all run-down conditions there is no other tonic will build you up so quickly and so surely as Dr. Williams' Pink Pills. The statement of Miss Dorothy Lambdin, Bush Island, N.S., will bring hope to other weak girls. She says:—"I wish from my heart I could persuade every person who is in a run-down condition to give Dr. Williams' Pink Pills a trial. About a year ago I was a weak girl suffering from impoverished blood and a run-down system, with many of the attendant symptoms. I had often read of Dr. Williams' Pink Pills and decided to take them, and after using six boxes I feel as well and strong as ever. Dr. Williams' Pink Pills will be my standby in the future if ever my blood needs building up again, and I shall always find pleasure in recommending them to others."

You can get these pills from your druggist, or by mail at 50 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

It's the most difficult thing in the world to forget what you want to forget.

Write The Borden Co. Limited, Montreal, for Feeding Chart, Baby Welfare Booklet and Best Baby Book. E1927

Borden's EAGLE BRAND

Minard's Liniment is reliable.

## RUSSIAN TRADE AGREEMENT IS TO BE ABROGATED

Ottawa.—The Government has decided to terminate immediately the trade agreement with Russia, it was announced following a lengthy meeting of the cabinet council.

Premier King, in making the announcement, declared this action had been decided upon after a full discussion of the situation created through the decision of the British Government to sever its relations with Soviet Russia. Evidence in the hands of the Canadian Government made it clear, the Premier said, that certain sections of the agreement between Canada and Russia had been violated by the Russian Government. Premier King pointed out that the agreement was subject to termination unless certain conditions were fulfilled. He specifically quoted a provision agreed to refrain "from hostile action or undertakings against the other and from conducting outside of its own borders any official propaganda direct or indirect against the interests of the British Empire or the Union of Soviet Republics respectively."

Premier Baldwin's statement in the British House of Commons, and evidence before Canadian Government, had made it clear, the Premier said, that this agreement had been violated.

Premier King stated emphatically that termination of trade agreements would not mean discontinuation of trade between Canada and Russia. It would mean that certain quasi-diplomatic privileges enjoyed by the Russian trade commission would be terminated, but every effort would be continued to further trade between Canada and Russia in the same manner in which Canadian trade relations with other nations were conducted.

The Premier said evidence in the hands of the Canadian Government does not disclose any espionage or subversive propaganda so far as the Montreal office of the Russian trade commission is concerned.

## Prize for Pacific Flight

Hawaiian Offers \$25,000 to First aviator Making Non-stop Trip

Honolulu.—The Star Bulletin, in a copyrighted article announces that James D. Dole, president of the Hawaiian Pineapple Company, has offered a purse of \$25,000 to the first aviator and \$10,000 to the second flier to make non-stop flights from the Pacific Coast to Hawaii during the 12 months starting August 15.

New York.—The Bellanca monoplane "Columbia," in which Clarence Chamberlin had hoped to be the first to fly to France, will be entered in the \$25,000 contest announced by James D. Dole in Honolulu. The Fokker monoplane "America," which also was "beaten to the post" in the Paris flight by Charles Lindbergh, may and may not try the Hawaii flight, it was said.

## Future of the Dominion

Ottawa.—"Our grandchildren may even live to see the seat of Empire transferred to our shores," declared Dr. J. H. Coyne, of St. Thomas, Ont., president of the Royal Society of Canada, in discussing the Dominion's future at the society's forty-sixth annual meeting. "The future of our Dominion," he continued, "is on the whole bright with promise."

## Check Fever Epidemic

Montreal.—Preventive measures taken by provincial and municipal officials to check the spread of the present typhoid epidemic are working successfully, health authorities claim. It was predicted that within one month the epidemic would be stamped out.

## Choir of 11,000 Voices

Ottawa.—A choir of 11,000 voices including 1,000 voices selected from 70 churches, irrespective of race or creed, and 10,000 school children, will sing a program of patriotic songs and anthems in connection with the jubilee celebration here. C. J. L. Rickwood, Ottawa, will direct the choir.

## Experiment Was a Failure

New Zealand Lost Heavily in Attempt to Control Price of Butter

Vancouver.—New Zealand's futile attempt to fix the price of butter on the London market and the boycott by London buyers of more than a million boxes, or roughly, 56,000,000 pounds, that were allowed to accumulate in cold storage in Britain in April, have been factors in the shortage of butter supplies in Canada during the past five months.

The action of British merchants in buying butter from Argentina, Australia and Canada, while leaving New Zealand's price-controlled stocks severely alone, withdrew from Canada heavy supplies that normally would have been available for home requirements, it is said here.

As a result, Canadian butter dealers have been scrambling for immediate requirement for months, picking up stray stocks here, there and everywhere, some being brought back from London, some from Quebec, some imported from the United States, and a total of about seven million pounds shipped direct from New Zealand.

The lateness of the season in Canada has also been a factor in the shortage here, spring production being about a month later than usual.

## New York Financier Dies

Payne Whitney, One of America's Richest Men, Victim of Heart Attack

Manhasset, N.Y.—Payne Whitney, financier, philanthropist, sportsman and one of the richest men in the country, died of a heart attack while playing tennis at his country estate, Greentree.

Mr. Whitney was 52 years old. He was the brother of Harry Payne Whitney, son of the late William C. Whitney, secretary of Navy under Cleveland. Estimates of the Whitney estate ranged in Wall Street from \$100,000,000 to \$100,000,000. In 1924 he paid an income tax of more than \$2,000,000, only John D. Rockefeller, Jr., and Henry Ford, paying more.

## Great Interest Being Taken in Eclipse

English Railways Will Run Special Trains to Vantage Points

London.—The eclipse of the sun which will be observed by a portion of England, June 15, is arousing such interest, that railway and motor bus companies are preparing to carry thousands of excursionists to the favored belt across England where the view will be best. More than 100 special trains and hundreds of motor buses will carry their passengers to the biggest open air party ever known in England. Most of the participants expect to arrive at vantage points around midnight.

## Postmasters' Convention

Regina, Sask.—T. P. Murphy, Ottawa, superintendent of the equipment and supply branch of the federal post office department, will represent the postmaster-general at the forthcoming convention of the Saskatchewan Postmasters' association to be held in Regina, Tuesday, Wednesday and Thursday, June 7, 8 and 9. About 150 delegates are expected to be in attendance.

## Cable Bill Passed

London.—The House of Lords has given third reading to the Pacific Cable bill, which has now passed both Houses. The bill authorizes reorganization of the Pacific Cable Board in accordance with the settlement of Canada's dispute with that body reached at the last Imperial conference.

## Arms Parley in June

Washington.—The three-power naval limitations conference called by President Coolidge will convene in Geneva on the afternoon of June 20. Secretary of State Kellogg informed the British and Japanese ambassadors after informal conversations had shown the date acceptable to all.

## Radio Typewriter

Rome.—A typewriter capable of receiving radio-phonetic communications at great distances is to be tested between Rome and New York shortly. The machine functions automatically, typing on ordinary paper, guided by radio waves.

## WOULD DEVELOP CANADIAN TRADE WITH BRITAIN

London.—"I am here to visit Canadian trade commissioners in Britain and on the continent and to acquaint myself more fully with the possibilities the markets here offer for Canadian products," Hon. James Malcolm, Canadian minister of trade and commerce, told newspapermen in an interview. He added that he was more particularly desirous of increasing inter-empire trade, of which he had been a constant advocate.

The minister mentioned the grant of \$100,000 made by the Canadian government for advertising Canadian goods in Britain. To secure the best means of applying the money was an important object of his visit, he said.

Mr. Malcolm acknowledged that the figures of Canadian trade with Britain lately had shown a decrease, through the lessened ability of Britain to purchase Canadian products, although Canadian purchases from Britain showed a slight increase. He believed adequate publicity would soon help to correct the balance. There was always, he said, some unreliability about statistics and they did not invariably show the exact position of trade between two countries like Canada and Britain.

## Trade With U.S.

Canada Regarded by U.S. as Best Outside Field for Investment

Detroit, Mich.—Business of the United States made an eloquent gesture of admiration for its neighbor to the north when the National Foreign Trade Convention turned over an entire session to Canada and Canadians.

Speakers with only one exception were Canadians. They spoke of their great commerce in hard wheat and pulpwood, of their other export trade and of the growing interest of Americans in Canada as attested by their investment of \$3,600,000,000 within the Dominion. Sixty per cent. of all foreign investments in Canada came from the United States, the convention was told by Case H. Howard of the Canadian Bank of Commerce, New York.

"We take it as a compliment," he added, "that Canada is regarded in the United States as the best outside field of investment, and we interpret it as an indication of the estimate placed by the United States upon the character and ability of Canadians."

## Agree on Claims

Washington.—The British and United States governments have agreed on a settlement of mutual claims and those of individuals against both governments for seizure of war-time shipping, but terms of the settlement are being withheld, pending an arrangement for publication of final notes ratifying the pact. The claims grew out of detention and search during the war on shipping of both countries suspected of carrying war supplies to the enemy.

## Would Send Boys to Canada

Isle of Man Has Scheme for Community Settlement in Dominion

Montreal.—Canada is the country to which the Isle of Man is looking for the settlement of her youth, said J. B. Crookall, J.P., mayor of Douglas and member of the House of Keys, who reached Montreal on the White Star liner Doric. Every year the Isle of Man has about 400 boys leaving school at the age of 14. A proposal is afoot to raise the leaving age to 15, following which the island authorities would give them a course of training for one year to fit them for emigration. Mayor Crookall hoped that Manxmen in Canada would interest themselves in this project.

The mayor outlined a scheme he had for the community settlement of Manxmen in Canada. He proposed to send out 100 families if the Dominion Government would set aside a tract of land sufficient to provide for them, making the terms as easy as possible. About 80 per cent. of these families would be agricultural.

## Building New Telegraph Line

Work Will Commence at Once in Northern Saskatchewan District

North Battleford.—Construction is to proceed on a telegraph line between Loon Lake and Meadow Lake. The distance is 55 to 60 miles. The line will serve to link up the Meadow Lake country with the splendid farming sections farther west. It will be a means of communication for these northern people with the outside world, something they have not at present. On representation being made to the department by the Federal member an appropriation of \$8,000 was put through Parliament for the building of the line. The government is ready to act at once on the building of the line. The offices to be established on the line will be settled just as soon as possible.

## The Favored Country

British Labor Leader Says Emigrants' Opportunities in Canada Best in World

London.—Canada contains greater possibilities than any other country in the world provided the right kind of immigration is regulated so as not to displace the existing workers, in the opinion of C. T. Cramp, general secretary of the National Union of Railwaymen, who has just returned from a tour of the Dominion.

Mr. Cramp was struck by the "revolt of Canadian organized labor against the domination of American unions," and the similar movement among professional associations. Canada's railways also came in for eulogistic reference from Mr. Cramp.

## Will Compete in Prize Swim

Montreal.—Ernest Vierkoetter, Germany's foremost swimmer and conqueror of the English Channel, has arrived in Montreal. He will participate in the Lake George swim for a prize of \$10,000 and later go to Toronto, where he will take part in the \$50,000 race to be held in Lake Ontario off the Queen City during the summer.

## WILL OBSERVE LUNAR ECLIPSE IN FAR NORTH

New York, N.Y.—The outposts of civilization in the Canadian Arctic wilderness have been asked by radio to aid the Harvard University Observatory in observing on June 15 the first lunar eclipse since 1892. Observers in the northern country in the region of Chesterfield Inlet, Bear Lake, Rampart House and Good Hope had a message of instruction broadcast to them recently.

Directions for the observation of this rare lunar phenomenon, addressed to members of the Royal Canadian Mounted Police, representatives of the Hudson's Bay Company and Revillon Freres Trading Company, and the Oblate missionary fathers among the Eskimos, was broadcast in part as follows:

"A total eclipse of the moon will occur on June 15, 1927, the centre of the eclipse being at 2.24 a.m. Eastern Standard Time. The sun and moon will both be nearly on the horizon on the day and hour mentioned, at the posts to which this message is addressed.

"It is of great scientific interest to know as exactly as possible what the weather conditions are at that particular time at points near this line. Baker Lake is the most important point of all and the astronomers would appreciate any special efforts to procure observations there."

According to Dr. Willard J. Fisher, of Harvard, it should be possible this year to determine the density of the earth's shadow very near to the edge of the earth.

## Investigating Plan to Use Sulphite Wastage

Scientists See Possibility of Making Substitute for Gasoline

Ottawa.—Canadian scientists are investigating the possibility of the manufacture of a substitute for gasoline out of the wastage in the numerous sulphite mills throughout the Dominion. It was revealed at a meeting of the associate committee of physics and engineering of the National Research Council of Canada here.

The sulphite mills, it was declared, in the manufacture of pulp for newsprint are wasting at the same time tremendous quantities of liquor which is a potential source of alcohol. Properly designed motors have been found to operate efficiently on a mixture of alcohol and benzine.

The committee also recommended today that the national research council investigate steps to secure detailed information on the measurement of the ultra-violet rays given off by the sun. If it can be shown that great benefit is to be obtained from these rays then, it is recommended, that special glass should be universally used in Canadian homes and other buildings. The health giving ultra-violet rays do not, to any great extent, pass through ordinary window glass.

## Ferguson Willing to Co-Operate

Toronto.—Premier Ferguson states that he would co-operate with the Alberta Trade Commission in the proposal laid before the Ontario Government by a delegation from Alberta that a national committee be organized to promote inter-provincial trade, with special emphasis on the use of Alberta coal in the Eastern provinces.

## Hon. R. Lemieux Honored

Rome.—Reception and luncheon in honor of Hon. Rodolphe Lemieux, speaker of the Canadian House of Commons, and Madame Lemieux, given by the British ambassador to Italy, Right Hon. Sir Roland Graham, was attended by several English and Canadian visitors in addition to a distinguished gathering of residents of the capital.

## Plane Service for Mines

Winnipeg.—An aeroplane passenger and freight service to the central Manitoba mine area was inaugurated on June 1. It marks the first commercial air service to operate in the province. Western Airways confined its operations last year to the Red Lake district of Northern Ontario.

## Ox-Tongue Falls, Lake of Bays

Throughout the Lake of Bays region of the Highlands of Ontario, which the members of the Canadian Weekly Newspapers Association will visit when holding their 1927 convention at Bigwin Inn, there are many delightful waterfalls of which Ox-Tongue Falls shown above is one—Canadian National Railway photograph.

## Didsbury Pioneer

Published every Thursday.

### LOCAL AND GENERAL

The W.C.T.U. will hold their next meeting at the home of Mrs. R. C. Oldham on Wednesday afternoon, June 8th. Mrs. J. H. Helm will have a message to fit present needs in a paper entitled: "The Call of the New Day."

Miss Maggie Finlay will also address this gathering on "Mothers," this being a special mother's meeting. Members will meet at the Evangelical Church at 2:30 sharp.

Dr. Sarah Detwiler of Kitchener, Ontario, who is Dominion Superintendent of Traveller's Aid, will speak in the interests of this very important work in the Evangelical Church on Sunday evening, June 5th.

A sale of home cooking under the auspices of the W.C.T.U. will be held at the home of Mrs. Dr. J. L. Clark on Saturday afternoon, June 4th. Tea will be served from three until six o'clock. Gifts of home cooking will be very much appreciated.

The Women's Guild of St. Cyprian's Church will hold a sale of work and home-cooking, on June 18th, at the Opera House.

The directors of the Agricultural Society are now actively engaged in preparing for the annual exhibition to be held this year on August 3rd. Both the president, Dan Dippel, and the manager, J. V. Berscht, are entirely in accord that this year's event should be one of the biggest and most successful in the history of the Society. The other directors agree entirely with this view. From an agricultural standpoint the optimism of the officials of the Didsbury Society is justified. Although somewhat late in seeding the growth nevertheless has been very rapid since and given no further setback progress both in crops and vegetables will probably be ahead of last year.

G. H. Owen's recovery at the Didsbury hospital, following his recent accident at the railway crossing, has been wonderful, and speaks well for the medical and nursing service he has received. He has now so far recovered as to be able to return to his home, where we trust his health and strength will be fully restored.

Mrs. H. L. Reimer recently underwent an operation at the Didsbury hospital.

Birth.—On Monday, at Vulcan Mrs. Lloyd Munson of a son.

Roy Cunliffe of the Crystal Dairy Co., Medicine Hat, was the guest of Mr. and Mrs. Kendrick over the week-end.

Kendrick & Good shipped a double-deck load of hogs last week to the Carstain Packing Co., Spokane.

Russell Berscht, Aylmer Liesemer and Orville Geiger spent last week in the west country viewing the scenery and but for the rain report the trip would have been quite successful.

Alfred Mjolsness arrived on Sunday from Coronation on a visit to his wife and family.

On Friday, May 27th, the Trail Rangers held their weekly meeting at the residence of Mrs. Geiger. After the business session was completed, the remainder of the evening was spent in story-telling, games, etc. Before their departure Mrs. Geiger served the boys with a delightful supper which they appreciated very much. The boys wish to thank Mrs. Geiger for the pleasant time had by all.

We regret to record the death of Mr. W. Wigley of Westerdale, which took place on Thursday, May 26th. The interment took place at the Westerdale cemetery on Sunday, Rev. Smiley officiating.

Adshead's Garage report the following sales:—W. Reist, Chevrolet touring; J. T. Haynes, Chevrolet touring; Cressman Bros. and H. Steckley have also purchased new Chevrolets.

Mrs. Harold Clemens and Miss Bessie Clemens left on Monday for Seattle and Portland.

Fisher & Edwards have just completed putting in a filling pump in front of their premises on Wall Street.

A dance will be held in the Lone Pine Hall on Friday night June 10th. Music supplied by Mens-Bellamy orchestra. Admission \$1.00. Refreshments included. Everybody welcome.

The Didsbury Women's Institute will hold a Grandmother and Grandfather meeting at the home of Mrs. Wm. McCoy's June 10th, at 2:30. A special old time program will be given and all grandmothers and grandfathers are requested to attend.

### Burnside.

Mr. and Mrs. John Miller are being congratulated on the birth of a daughter.

The Lone Pine W. I. will meet next Thursday, June 9th, at the home of Mrs. Wm. Lyons. All the Ladies of the neighborhood are cordially invited and a good attendance of members is requested as business of importance is to be attended to.

Born—to Mr. and Mrs. C. R. Liesemer, on Friday, May 29th, a daughter.

Mr. Noah Eckel received the sad news last week that his father, Mr. Geo. Eckel of Walkerton, Ontario, had died very suddenly on Friday, May 20th. Mr. Eckel will be remembered by many in this district as he visited his son and other friends on several occasions.

Mr. David Thoman is mourning the loss of his mother, who passed away at Kitchener, Ontario, on Wednesday, May 25th.

Born—At the Didsbury hospital, on Monday May 30th, to Mr. and Mrs. Joe Clark, a daughter.

The Lone Pine Women's Institute picnic, on May 21st, was a splendid event in every way. A good crowd was in attendance and everything went along on scheduled time. The dance at night drew a packed hall and was much enjoyed by all present. The ladies of the W.I. have laid out a very ambitious programme for themselves as they propose to raise enough money to finish the inside of our Lone Pine hall. Last week's picnic helped out their finances, considerably over

a hundred dollars being cleared by them.

Our beef ring started last week with Mr. Jas. Shiel's furnishing the first beef.

Mr. and Mrs. Will. Brown, formerly Miss Claribelle Miller, who have been visiting the latter's parents, Mr. and Mrs. John Miller, left last week for their home in Battleford. Mr. George Miller accompanied them.

The Burnside U.F.A. will meet on Monday, June 13th, in the Lone Pine hall. A full attendance is requested as arrangements are to be made for the annual picnic on June 30th.

Mrs. Bert Weber and family are moving up from Calgary this week. Mr. Weber has two carpenters busy on their new home.

Mr. and Mrs. Boulton sr., who have been visiting their son Fred, spent the later part of the week in Lethbridge attending the graduation of their daughter, Miss Nellie Boulton from the Gault Memorial hospital in that city.

Our baseball boys fenced the ball and baseball diamond last Thursday evening.

Mr. Harold Metz spent Sunday with his friend Ralph Long at Mr. Noah Eckel's.

Mr. John D. Greer has been laid up with a bad attack of stomach trouble.

Mrs. Charles Mardon has been confined to her bed through a very painful attack of foot trouble.

### MUNICIPAL DISTRICT of MOUNTAIN VIEW No. 310.

NOTICE is hereby given that all arrears of taxes imposed in 1926, in respect of any parcel of land situated within this Municipality are not paid on or before the first day of July next, such lands will be dealt with under the provisions of the Tax Recovery Act, 1922, with a view to obtaining Certificate of Title in the name of the Municipality in respect of such parcel.

A. BRUSSO,  
Sec.-Treas.

### Card of Thanks.

Mrs. T. A. Hunter and family wish to thank their many friends and neighbors for the kindness and sympathy shown them in their recent bereavement.

### Card of Thanks.

We wish to thank all neighbors and friends for their kind sympathy and flowers in our sad bereavement of a dear husband and father who bore his illness so patiently. Mrs. W. Wigley and family.

### Wanted.

Hear from owner good farm for sale. Cash Price; particulars. D. F. Bush, Minneca polis, Minn.

### Wanted.

**How Can Women Help Enforce Law.**

(Paper read before the W. C. T. U. by Mrs. Chas. Deadrick.)

Law enforcement is the great political challenge of the day. The challenge must be by an enlightened citizenship.

We must prevail upon men and women of ability to accept national also public offices—not self-seeking but to have the good of the public at heart.

In selecting the women candidate for office, she should have these qualifications:

1. A good character.
2. Efficiency.
3. Good judgment.
4. Be fearless.

One that will make sure she is right then go ahead regardless of the consequences to herself.

The great law that we are more interested in than any other is; The Prohibition Law.

Under present conditions it is

**New Ford Car.**

Ford, Ont., May 25. A new Ford Car of extensively revised design was announced late today in an official statement issued by W. R. Campbell, Vice-President and Treasurer of the Ford Motor Company of Canada, Ltd.

"Production of a new Ford Car, superior in design and performance to any now available in the low-priced light car field, will shortly be started by this company."

"The Model 'T' Ford, which, for twenty years has been the leader in the automobile industry will continue to be a substantial factor in production in view of the fact that all model 'T' cars now in service will, for many years, require replacement parts."

Information as to the date on which production of the new model Ford will begin was not forthcoming, but it was indicated that the work of swinging over the huge Ford Factory here, which is the largest automobile factory in the empire, will immediately be initiated. This work will necessitate the replacing and rearrangement of thousands of machines and will entail an enormous expenditure of money and labor but it is said that plans for its execution have been thoroughly developed and that the work will proceed with great celerity.

The new Ford car, it was learned has been designed by Henry Ford, who also designed the famous model 'T' and its predecessors and is the product of many years of engineering research. The present car was one of the largest factors in creating the conditions which now make the new model Ford possible.

The world wide influence of the Ford in the building of good roads and in teaching the people the use and value of mechanical power is conceded. Nowadays everybody runs some kind of motor power but twenty years ago when the Model 'T' was introduced, only the adventurous few could be induced to use an automobile. It had a harder time winning public confidence than the aeroplane has now. The Model 'T' was the great educator in this respect. It was the car that ran before there were good roads to run upon. It broke down barriers of distance in rural sections, brought people of those sections closer together and placed education within the reach of everyone. It is still the pioneer in many parts of the world which are just beginning to be motorized, but conditions in Canada and in the United States have so greatly changed that further refinement in motor car construction is now desirable and the new model is a recognition of this.

With the new car the Ford interests will continue in the light car field which they created on the same basis of quantity production, giving high quality, low price and constant service. For this new model is claimed speed, style, flexibility and control in traffic. In quality and in price it promises to be a notable contribution to the motor world. It is understood that it will cost more to manufacture than the present Model 'T', but that it will be more economical to operate.

a gigantic problem for us women to accomplish much unless we are in the police force. We are not caring for that position. At present we can be a stimulus to the men and in that way help indirectly. Sometimes we can do more real good by using our influence than by being in the legislature.

A mother can do a wonderful amount of good at home in the training of her children.

Every parent should have a fair knowledge of physiology and the effects that alcohol has upon the human system in order to teach their children the harm of its use.

If a mother raises her children to be clean, high-minded men and women and to hate intoxicating liquors in any form, she is helping to enforce the law, because these same children will be the law-enforcers some day.

A very good way to help is to create a sentiment which will indicate to the officials that the people want the law enforced; will show violators that the law must be obeyed.

It is quite generally difficult to enforce a law at first, but when they see it has to be done they will wake up and do it.

The thing we need is an organized effort in every community that will take hold of the situation and say, "That thing has to be done." The women have just as much responsibility in this undertaking as the men. Even the humblest woman is doing her share in enforcing the law when she stops asking, "Why don't they do something," and says, "We must do something." Thus she becomes a part of that driving force of public opinion, there and so she adds her weight to the driving mass—the law-enforcers.

**Ease and Convenience in Farm Work**

The compact build of the Fordson enables it to be operated anywhere. The overall length is but 102 inches and the width 61 3/8 inches. It can be turned in a 21 foot circle. The controls are so easy and convenient to manage that a twelve year old boy can operate the tractor.

With all tanks full, the Fordson weighs only 2950 pounds. This light weight results in easier handling on every farm job. Soil packing is minimized, being actually less than one-fourth as much per square inch as when packed by the hoof of an average size work horse.

No other tractor at any price has all the features of the Fordson.

Ask us for the latest folder: "Things You Should Know Before You Buy Your Tractor", which explains Fordson features in detail.

## WORLD HAPPENINGS BRIEFLY TOLD

Reports from the north side of the island of Jamaica said a heavy northerly storm had destroyed 25,000 banana trees.

Thirty-seven earth tremors were felt recently in Yugoslavia within 48 hours. Some lives were lost in panics caused by the quakes and considerable material damage was reported.

A memorial porch erected by the Canadian Women's Press Club to the memory of the late Col. George Ham, famous Canadian journalist, who founded the club has been unveiled at Whitby, Ont.

Canada's flag floated over the Canadian legation at Washington on Victoria Day. It was the first time that it was officially displayed in Washington, Hon. Vincent Massey, Canadian minister, having used the Union Jack on previous occasions.

Professor Hugh Edward Egerton, noted authority on British colonial history, is dead at Oxford at the age of 72. Professor Egerton was professor of colonial history at Oxford for 15 years. He was the author of many books on British colonial policy and development.

## The Twentieth Edition

McKim's Directory of Canadian Publications for 1927

The 1927 edition of McKim's Directory of Canadian Publications has just been issued and this publication no doubt, will be welcomed by national advertisers throughout Canada and the United States.

It is the twentieth edition—the first issue having appeared in 1892 and it has been the endeavor of the publishers at all times to make each number more complete and more dependable than previous editions.

In fact, this directory is accepted generally as a reliable source of information on Canadian Publications and is regularly consulted for Canadian geographical and statistical particulars twelve months in the year.

The average man is more polite to people he never expects to meet again than to those whose friendship is really worth cultivating.

## Heart Palpitation Dizzy, Sinking Spells

Mrs. M. A. Gagnon, Donatville, Alta., writes: "Some time ago I was very nervous, could not sleep at night, often had dizzy, sinking spells and palpitation of the heart, and was so run down I could not do my housework, but just leave everything and sit down."

I spent a lot of money using medicine from the doctor, but it did not do me any good.

At last a friend told me to use and after using a couple of boxes I was not the same woman. I began to feel so much better, and after a few more boxes I was in perfect health. I always recommend them to all those I know who are suffering from heart trouble."

Price 50c, a box at all druggists or dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

## Extend Period Of Aviation Agreement

U.S. and Canadian Airmen Cross Border on Defined Conditions

The existing agreement between the United States and Canadian Governments by which aviators of either country may fly into the territory of the other under certain defined conditions has been extended until October 31. The extension of the agreement was accomplished by an exchange of notes between the State Department and the Canadian Legation.

The agreement has been in effect since 1922. It provides that when an American aviator desires to fly into Canada he shall give notice in advance to the secretary of the Canadian Air Board at Ottawa, giving the date of the proposed flight, the owner's name and address, the pilot's name and qualifications, type of machine to be used, the route and duration of the flight and the purpose for which it is to be undertaken. The procedure is the same for Canadian flyers desiring to visit the United States by air.

## Made Remarkable Test

Sound of Human Heart Beat Amplified Ten Trillion Times

Washington.—The sound of a human heart beat was amplified ten trillion times before the American Medical association, meeting in convention here. This was the greatest sound amplification ever achieved in history.

In the Washington auditorium building, hundreds listened spellbound while sound, like a giant treading an empty hall, filled the entire structure. Out in the street, pedestrians paused, their ears alert to what sounded like distant cannon fire.

The main purpose of the development of the instrument, an electric stethoscope, was the treatment of heart diseases.

## A POPULAR MANAGER

T. E. Chester, Manager, Hotel Saskatchewan, Regina. Mr. Chester entered the service of the Canadian Pacific at the Empress Hotel, Victoria. He had been assistant manager of the Royal Alexandra Hotel, Winnipeg, before coming to Regina.

## Previous Atlantic Flights

Aviators Who Have Made Trip During Years 1919 to 1924

May, 1919 — The United States navy seaplane NC-4 flew from Newfoundland to Lisbon, Portugal, stopping at the Azores.

June, 1919—Captain Alcock and Lieut. Arthur W. Brown, British aviators, flew without stop from St. John's, Newfoundland, to Clifden, Ireland, 1,950 miles.

July, 1919—British airship R.3, flew from Scotland to New York and from New York to Fulham, England.

August, 1924 — The United States round the world fliers crossed from Scotland to Iceland to Greenland.

October 12, 15, 1924—The Zeppelin ZR-3, now the Los Angeles, was flown from Friedrichshafen, Germany, to Lakehurst, N.J.

## Recalls Romance of Boer War

Woman Despatch Rider Who Married British Colonel Is Dead

By the death of Mrs. Catherine Vaughan, widow of Col. A. Owen Vaughan, of Dinas Powis, near Cardiff, Wales, a remarkable romance of the Boer War is recalled. Mrs. Vaughan who was a relative of President Kruger, was a skilled horsewoman, and acted as a despatch rider for the Boers. Col. Vaughan, then leading a British force as a captain, was attacking a Boer post when the young Afrikaner woman dashed out on horseback to bring aid to the besieged. As she refused to stop, Capt. Vaughan shot her horse and captured the despatch rider, whom, to his surprise, he found to be a woman. The acquaintance thus made led later to marriage. Col. Vaughan, who was better known as "Owen Rhoscomyl," a noted Welsh historian and novelist, died eight years ago.

## Not a "Vanishing Race"

Indian Population in Western Canada Is About 35,000

From Ottawa comes the statement that the Indians are increasing in population. They are no longer a "vanishing race." In western Canada the total population today is about 35,000.

It is welcome news. We should wish the Indians well. These picturesque people form the genuinely native race of North America. Descendants of ancient nomads who most probably entered the Western Hemisphere from the Orient across the strip of land that has now parted to form the Bering Straits, the famous Redskins deserve the kindly fate which civilization has reserved for them.

Lightning, instead of being flat and jagged, as it appears, really is spiral and wanders around and around in space before it exhausts itself or strikes something.

## IS CHIEF CLERK

Fred S. Smith, chief clerk, Hotel Saskatchewan, Regina, has been promoted from the Royal Alexandra Hotel, Winnipeg. "Freddie" is reputed to know every man, woman or child who has been a guest at that hotel.

## SUNDAY SCHOOL LESSON

JUNE 5

PETER PREACHING TO GENTILES

Golden Text: "For there is no distinction between Jew and Greek: for the same Lord is Lord of all, and is rich unto all that call upon Him."—Romans 10:12.

Lesson: Acts, Chapters 10 and 11. Devotional Reading: Psalm 67:1-7.

## Explanations and Comments

1. How a Gentile Was Prepared for Discipleship, verses 1-8. — Cornelius was a Roman centurion in command at Caesarea. One night he had a vision in which an angel said to him, "Cornelius, thy prayers and thine alms have gone up for a memorial before God."

Then the angel bade Cornelius to send to Joppa for Peter, who was staying with Simon the tanner by the seaside. Cornelius was a Gentile, and Jews would not enter the homes of Gentiles. Yet Cornelius obeyed the command. He called two of his household servants and one of his soldiers, explained to them his vision, and sent them to Joppa.

"Great thoughts are in the air for those who are open-minded; noble impulses crowd the highways for those who are ready to receive and act upon them." — Hamilton Wright Mabee.

No Asthma Remedy Like It. Dr. J. D. Kellogg's Asthma Remedy is distinctly different from other so-called remedies. Were this not so it would not have continued its great work of relief until known from ocean to ocean for its wonderful value. Kellogg's the foremost and best of all asthma remedies, stands upon a reputation founded in the hearts of thousands who have known its benefit.

Many a man who thinks that he thinks has a wife who does all his thinking.

Peevish, pale, restless, and sickly children owe their condition to worms. Mother Graves' Worm Exterminator will relieve them and restore health.

## Not a Judge

"You say the prisoner had been drinking?" said his worship to the policeman who was giving evidence. "Drinking what?" "Whisky, I think," replied the constable. "You think," stormed his worship. "Don't you know the smell of whiskey? Aren't you a judge?" Came the reply: "No; I'm only a policeman."

## Ladies Wanted

## A BROKEN DOWN SYSTEM.

This is a condition for doctors give many names, but which few of them really understand. It is simply weakness—breakdown, as it were, of the vital forces that sustain the system. No matter what may be its causes (they are almost numberless), its symptoms are much the same; the more prominent being sleeplessness, sense of prostration or weariness, depression of spirits and want of energy for all the ordinary affairs of life. Now, what a tonic is absolutely essential in all such cases is increased vitality—vigour, vital strength and energy to throw off these morbid feelings, and as night succeeds the day this may be more certainly secured by a course of THE NEW FRENCH REMEDY, THERAPION No. 3, than by any other known combination. Soberly as it is taken in accordance with the directions accompanying it, without the slightest effort, it restores THE EXPIRING LAMP OF LIFE, LIGHTED UP AFRESH, and a new existence imparted in place of that which is so lately seemed worn-out, used up, and valueless. This wonderful medicament is suitable for all ages, constitutions and conditions, in either sex; and is so difficult to imagine a disease or derangement whose main feature is weakness, that will not be speedily and permanently overcome by this recuperative essence, which is destined to cause the oblivion everything that had preceded it for this wide-spread & numerous class of human ailments. Sold by leading chemists, or either No return mail from G. S. LECHE, Mod. Co., 10, Grosvenor St., N. W. London

## Unusual Insurance Policy

A \$250,000 smile adorns the face of Fay Marbe, an American actress now playing here. In what is believed to be the first transaction of its kind, the actress has insured her smile for this amount with a British company. The policy provides that the insurance shall be collectable if at any time within the next ten years her smile loses its charm because of accident or illness. The amount of the premium was not disclosed.

Corns disappear when treated with Holloway's Corn Remover without leaving a scar.

## Prefers Coffee to Bone

Sunday, a Boston terrier, owned by Allen Burdick, of the Police Department at New Canaan, Conn., is a genuine "coffee hound." He must have his coffee in a cup with a little sugar before he will consider even the most tempting bone.

Minard's Liniment for insect bites.

## Research Laboratory at Lacombe

A research laboratory is to be established this year at Lacombe, for the purpose of making a survey of plant problems within the province.

Cuts and Bruises Disappear.—When suffering from cuts, scratches, bruises, sprains, sore throat or chest and any similar ailment, use Dr. Thomas' Electric Oil. Its healing power is well known in every section of the community. A bottle of Dr. Thomas' Electric Oil should be in every medicine chest ready for the emergencies that may always be anticipated.

Coyotes will hunt silently for hours for field mice, a park naturalist in the West says.

## Saskatchewan Egg Pool

It is announced that the new Saskatchewan egg pool, started April 16th, is to be a storage pool. A certain proportion of the eggs received in the pool will be placed in storage and the final payment will not be made until all the eggs have been sold. Members shipping to this pool will receive a statement showing the exact number of eggs shipped by them in the pool when the cut-off is made in six or eight weeks.

## Stockyards for Saskatoon

The Edmonton Stockyards, Limited, have secured an option from the City of Saskatoon on 22 acres of land on Canadian Pacific Railway lines. The stockyards are expected to be in operation by the end of August.

### CHAPTER XXXVI—Continued.

The man to whom Graydon talked went over to the table where Eggleston sat, his head set well down into his shoulders. Other men stood at the table, too, important men they seemed, of the importance that is marked by large achievements. Among them was a noted sculptor. And an artist, and two or three famous architects.

On the massive table, between them and the banker, and where John's blueprint once had been spread by Joanna, a glistening white model stood, the miniature of an imposing structure of great halls and marbled columns reaching upward to a gold dome. Above the dome a figure poised, a slender figure that seemed to imprison some ineffable joyousness. The sculptor, one whose name is far flung, passed his fingers lovingly over the delicate form destined later, to be translated into marble. This part of the model was his handiwork. He was proud of its association with the monumental structure it was to embellish.

Eggleston, who had watched quietly, observed.

"That was her idea. She explained it to me across this table when she brought me the dream her young friend had been bothering her about. She said memorials ought to have life in them, instead of death." The banker chuckled, and the sternness in his eyes softened. "She said the usual kind of memorial always made her mad because they reminded her of so many people who weren't dead that ought to be!"

Foreman, chief of the firm which had sponsored John, broke in.

"So it was she, after all, who conceived the soldier as always stirred to valor by the kiss of a girl—or of a woman who is still a girl to him? Yet you compelled me to get the conception across my desk to young

Willmore as if it were my own! He fought against it, for a time, but the grandeur of it came to him suddenly. Shall we tell him—today?"

"No," Eggleston replied. "It will be sufficient for him to learn, from us, that the money with which he has worked this model out, the funds that promoted his idealistic plan and translated his blueprint dream into this step toward reality, came from her—that this was how she used the money I gave her but which remained so much a mystery to her."

"It will be quite all right, won't it?" she asked brightly. "If I ask you to share me, with him."

After a brief pause the banker added, dryly:

"Whatever else there is for him to know I imagine she'll tell him—if she wants to."

Brandon, who was talking with Graydon, turned to meet Eggleston's eyes fixed on him with a quizzical expression in them. Brandon nodded.

"Yes," he observed, "she'll have many things to say to him, I fancy. For his sake, I hope she doesn't say them with a champagne bottle!"

The ancient butler, whose years had flowed with those of his master, entered noiselessly and went up to the table.

"The young lady has arrived, sir," he announced.

There was instant stillness. All in the room looked inquiringly at the banker, who made a sign to Graydon. The butler went out. A moment later Joanna, suddenly startled by the faces turned toward her, was framed in the doorway. Graydon went up to her and took her hand, gently, and led her into the room. He announced to the company, simply:

"This is Joanna."

One by one the important seeming men pressed upon her. Dazed, bewildered, fighting for some inkling of understanding, she heard the murmur of words—words, words! Each man took her limp hand and pressed it and said to her—words! They congratulated her; they spoke earnest compliments; they uttered senseless things she couldn't fathom. And as each one bowed and left her he passed out of the room until, at last, there were only Graydon, Brandon and Eggleston.

At Brandon's lips she saw the old smile hovering—the old smile, but different. And she saw the same lights in Eggleston's eyes she used to detect in them when they sat across the table together.

"Please!" she pleaded: "What does it all mean?"

Brandon faced her.

"It means," he said, "that things are going to be straightened out. For me, the best it means is that you are to know that both you and I were playing a game—and that, because you won, that night on La Turbie when I had the bandits thrust you back into the club house, nobody is happier than I."

He left the room then, with Graydon, and Joanna faced her banker alone. Eggleston rose and walked around the table to where she stood, still gripped in the spell of her bewilderment.

He led her to the fireplace and, taking her by the shoulders, turned her around so that she faced him. Above her the canvas image of the girl in the gold frame looked down. The banker went back to his chair at the table. For a long time neither spoke. Joanna stood almost motionless, her face deathly white. Eggleston gazed at her and she saw that his eyes wandered from her face to the painting over her head, and then back again. At last, he said:

"Your money, my dear, was from me. It was I who was your mysterious benefactor, and it was I who determined that there should be no conditions attached to your gift. I wanted to know how you—a girl of today—would go; which way you would turn, if left to your own resources."

"It was because of a silly old man's romance—a romance of young days when, people have said, young girls were different. The one in the painting above you was she to whom I made my promise that I would make her happy and rich. She didn't live—even to marry me. So I've lived alone. The fortune came, but all that I've had of her is the memory in the painting there."

"I've a lot of money, my dear; so have all my relatives. I've had the whim, in late years, to leave a great deal of it to someone who can carry on, when I'm done, for the girl up there who has carried on with me. But I've never had confidence in any of you—any of you young people of these days. I admit I couldn't understand you. Your friend, and my friend, Graydon, told me I was a fool. He claimed to know you all—because he knew so many of you, in the store. He told me of you, of a Miss Twenty-seven, who, he said, recalled to him the painting over my fireplace. Well—that's about all. We decided to try you out—and we have. I thought it would cost me a million dollars. Instead I have profited. It has given me—if you will have it that way—you! I know, now, that you can carry on for her."

There was much more that Eggleston said; many things that quivered on his lips. Shadows and laughter and much of wonder moved in changing procession across the deep brown eyes of the girl who crumpled at his feet. But the things he said were the useless foolish things that people say when they have much to tell each other of themselves alone. When they spoke of anything else it was of the model on the table, and of how the money had been secretly spent at Joanna's request to make fulfillment of the promise of it.

Or of Brandon, and Yvonne.

"In a way of his own planning he only tested you, and it was with my encouragement," the banker said. "He, like me, was skeptical. He professed to know you girls of today. He admits he didn't know you at all. I kept from him the secret of your use of your money. I allowed him to test you to the end."

"That was why, then," Joanna observed, "he threw me into the companionship of Yvonne! I've known there was a reason. I've wondered over it. I think she knew, for I've always realized she was leading me

up to things, showing them to me, and then saving me from them."

He nodded gravely. "Yes," he mused; "I have the impression that one may be profoundly mistaken about many of the world's Yvonne Countesses."

Into the silence of the library the old butler intruded.

"Mr. Willmore has come, sir."

Joanna, with a sudden catch at her breath, rose. For a moment she looked up into the face of the girl in the painting—the girl of yesterday.

"If you wouldn't mind," she said quietly, her face pale again, "I'd like to see him in here—alone!"

At the door Eggleston felt her hand on his arm. He saw that the color had come back into her face, and that she was smiling up to him. "It will be quite all right, won't it," she asked brightly, "if I ask you to share me, with him?"

...

And that was Joanna, Joanna of the deep brown eyes and the shimmering gold brown hair; Joanna of the skirts too short and the lips too red and the tongue too pert. She is the girl next door, or, at the farthest, just across the street. Nothing more, and nothing less, than the Modern American Girl.

THE END

## BABY'S OWN TABLETS HELP A PRIZE WINNER

Baby's Own Tablets are without an equal for little ones. From the newborn babe to the growing child they are an absolute safeguard to health. Once a mother has used them she will use nothing else. Thousands of mothers always keep them on hand.

Among the mothers who state that Baby's Own Tablets are the best medicine for little ones that they know of is Mrs. Russell Hill, of Norwood, Ont. Her experience with the Tablets should be of great benefit to any mother who has not already given the Tablets a trial. Mrs. Hill says:—"I have five fine healthy children, and from the youngest to the oldest they get no other medicine but Baby's Own Tablets. When our baby girl was eleven months old she won second prize at the Norwood Fair, and when she was a year older she won first prize in competition with twenty-eight other babies. It was the Tablets that gave her the health and development to carry off these prizes. I always delight in telling other mothers what the Tablets have done for my children."

Baby's Own Tablets are sold by medicine dealers, or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

## Honoring the Spirit of the Pioneers

Spirit of Romance and Adventure Should Always Remain

One portion of Lord Willington's speech in reply to the civic address of welcome that met with a warm response in Calgary, was his reference to the pioneers.

"You speak of this city," he said "as having been in the past, one of the frontiers of romance and adventure, and you say that it has happily not yet lost its distinctive features. I trust it never will, for however conditions may change, it is always well that the romance and adventure of the past should remain with you, and that you should always keep in mind those early pioneers who laid the foundations of your great and increasing development."

Calgary appreciates the sentiments uttered by His Excellency. Happily we have many of the pioneers of Alberta with us. This city does not neglect them. It holds them in respect and affection. They still play their important part in all activities that may contribute to the furthering of the welfare of the city. Indeed, they look upon the city—as they have the right to—as their child, and their fostering care and interest still surround it.

They have witnessed its growth from birth and through all the anxieties and setbacks of youth to its present maturity and assured position. They can have a special pride in the city that they founded. But the younger citizens now more actively carrying the burden are not disposed to dispense with their advice and their co-operation. The Herald knows of no city in Canada where youth and age more unitedly or more enthusiastically work together for their home city, the latter for the city which they helped to create, the former for the city which they are striving to make the finest possible memorial to the brave spirit of the pioneers who founded and nourished it.—Calgary Herald.

## Little Helps For This Week

If thou draw out thy soul to the hungry, and satisfy the afflicted soul; then shall thy light rise in obscurity, and thy darkness be as the noonday; and the Lord shall guide thee continually.—Isaiah lviii. 10, 11.

Seldom can the heart be lonely. Seldom can the heart be lonely. Self-forgetting, seeking only. Emptier cups of love to fill. —Frances Ridley Havergal.

In shutting none out of our sympathy, in the willingness to help all and to be helped by all, we are here beginning like children to climb the foothills that lead to immortality. The self-absorbed, the unsympathetic, the unloving have lost their way, and are on the downward path; no light from the eternal life is reflected from their faces.—Lucy Larcom.

### Big Land Purchase

The purchase of 1,920 acres of land for about \$60,000 for settlement by a party of Northern Europeans has been put through by the Canada Colonization Association. Situated nine miles east of Yorkton, Saskatchewan, this piece of land will be farmed by five families of twenty-five persons. The settlers are all trained agriculturists and are taking possession at once.

## YOUNG WOMEN SUFFER MOST

These Two Found Relief by  
Taking Lydia E. Pinkham's  
Vegetable Compound

Ayer's Cliff, Quebec.—"I have been teaching for three years, and at the end of the year I always feel tired and have no appetite. I was a awful sick each month, too, having pains in my back until sometimes I was obliged to stop working. A friend recommended Lydia E. Pinkham's Vegetable Compound to me and I heard many women telling how good it was so I thought it would help me. And it did. Now I take six bottles every year and recommend it to others." —DONALDA FANTEUX, Ayer's Cliff, Quebec.

"Unable to Work"  
Canning, Nova Scotia.—"I had irregular periods and great suffering at those times, the pains causing vomiting and fainting. I was teaching school and often for some hours I would be unable to attend to my work. Through an advertisement in the papers I knew of Lydia E. Pinkham's Vegetable Compound, and it has been of great benefit to me, the troubles being completely relieved." —LAURA J. EATON, Canning, King's County, Nova Scotia.

## Church Announcements

### EVANGELICAL NOTES.

Of special interest to the public will be the Cradle Roll promotion exercises next Sunday, 10.30 a.m. The little tots will have the "say" in the word and deed on this occasion. Several little folks having out-grown the Cradle Roll age will be promoted by means of some very beautiful and suitable exercises directed by the Cradle Roll department of the Sunday School.

Dr. Sarah Detwiller, Kitchener, Ontario, Dominion Supt. of the "Traveller's Aid" department of W.C.T.U. work will be the honored guest and speaker in our next Sunday evening service. While Dr. Detwiller's work and position has to do mainly with the moral safety and protection of traveling women, girls and children, she will undoubtedly have a helpful and much needed message for the general public. Everybody welcome.

For the coming Conference announcements see another page in this issue.

Question: Why is religion generally driven on "low" and sin on "high"? Think it over. --

### KNOX and WESCOTT

Sunday, June 5th, Miss M. Finlay who is leaving shortly for Africa will speak on Missionary work as it pertains to her field of endeavour. As this is one of the last messages she will deliver before leaving, it would seem fitting that as many as possible attend the services.

At the close of the service at Didsbury, we are expecting a visit from Dr. Sarah Detwiller, who will give a short talk on the work of Traveller's Aid, a branch of the W.C.T.U.

Lone Pine Hall.

Sunday School at 2 p.m. and at 3 p.m. Miss Finlay will take the Services. She has a message concerning Africa that you will never forget and this is an opportunity to bid farewell to one of the District who is carrying the gospel to Africa.

### LUTHERAN CHURCH

Westcott 10.30 a.m. German Didsbury 2.30 p.m. German

Statistics recently published show that the Missouri Synod of the Lutheran Church now numbers 2,642 congregations, with 1,084,953 baptized souls, 675,956 communicant members and 174,097 voting members.

On Sunday next, Pentecost Sunday, the pastor will speak of "The Spiritual Beauty of the Church that was born at Pentecost." Pentecost is the last of the three great festivals of the Church Year.

On June 8th, the Westcott L. A. meets at the home of Mrs. H. Gortjen.

### Bergen-Niche Valley.

Fred Admussen has moved to Bergen. He is too late, for most of the Norwegians have moved away.

John Haug has a tin Lizzie. He has to have one now to come home on Saturday's.

Fritjof Erickson is home again, since wandering on foreign soil.

Bob Stevens tried to finish sawing logs, but it was no use. He knows now why my hair is so gray when I am so young.
